

# Winter 2026 Course Catalog

## - Classes are offered to Photography Club Members Only.

- Only 1 person can register per entry. Please complete a new entry for any additional people.
- Classes are \$5.00 (no additional charge for classes with multiple sessions)
- Your CAM# will be charged for registered classes and for any additional supplies after the class has completed - please use YOUR personal CAM#.
- Review your personal calendar AND double check your availability to take the class. Once you register please add the class to your calendar and double check the date(s) and time(s).
- When classes have more than 1 session, confirm your availability to attend ALL the sessions. If you cannot attend all the sessions, please DO NOT REGISTER for that class. Thanks!
- If a class is FULL, you can still register and will be waitlisted. If there is a cancellation, you will be notified if a seat becomes available.
- All registrants will be provided a link to a shared drive Class List file, updated daily, showing the registration status for each student in each class (waitlisted or not).
- Cancellations 24 hours before class will be refunded. Considerations will be given for emergencies. **PLEASE** email [pcscheducation@gmail.com](mailto:pcscheducation@gmail.com) to cancel. It is the registrant's responsibility to contact both the instructor as well as Ward when cancelling out of a class.

## - Types of Registration:

**General** - open registration - "first come first served" - please note that several classes have already been mostly filled from previous waitlisted individuals

**Pop-up** classes may be offered during the Winter Semester - **these classes will be \$5** - classes will be announced during a separate ListServ email and will be reserved on a first come first served basis, generally two weeks before the class.

- Classes are listed in date order - the numbering system we use tells you what day your class is on and whether it is in the morning or afternoon:

Example W260126A

- W stands for Winter semester
- 260126 stands for the year, month and day of the class (2026, January, 26th)
- A stands for AM (or before noon) while P stands for PM or Noon or later [Q stands for popup class]

## Orientations

These sessions are geared towards new (or newer) Photography Club members and will introduce you to the studio and the many facets of our club. Sessions are usually led by the club's President, with introductions provided by the club's officers and leadership team. These sessions are held from 10am – 12pm at the club's studio, typically on the last Monday of each month from January through May and then again September through December.

There are three orientation sessions scheduled during the Winter semester - you can sign up for any of these sessions at any time by clicking on the link below, sign up for a FREE Orientation session!

## Combine Printer Class and Matting Class

- If you would like to learn how to use the studio's printer AND how to apply the precut mats to a print, we are recommending you sign up for the back to back How to use the Studio Printers Class and Precut Mats class scheduled for February 6th. The printer class is scheduled from 10:00 AM to 12:00 PM and the Precut Mat class follows from 1:00 PM to 3:00 PM. Normally, you would print an 8x10 print but if you attend both classes, you will print an 11x14 and then mat that print.

- If you are unable to attend (or if one of the classes is waitlisted) you could attend the either printer class scheduled for February 6th or February 25th from 10:00 AM to 12:00 PM and attend the Precut Mats class scheduled on March 6th from 9:30 AM to 11:30 AM.

### **W260128P - Wildlife Photography with Smartphone**

Date & Time: One Session: 1/28 from 1:00 PM-2:30 PM

Type of Registration: General

Instructor(s): Bob Kampwirth

Description: Wildlife photography with a smartphone, is it possible? The answer is yes and this class will demonstrate the various approaches to get good photos of birds and other wildlife, including attaching lens to the phone and attaching the phone to larger lens such as monoculars and spotting scopes to increase the overall focal length. The class is smartphone agnostic, however I will use an iPhone 16 pro to do the demonstrations.

**W260225P - From Street Photography to Social Landscape Photography**

Date & Time: Two Sessions: 2/25 and 3/18 from 7:00 PM-9:00 PM

Type of Registration: General

Instructor(s): Jim Smith

Description: This class will go beyond previous Street Photography classes that focused on Henry Cartier-Bresson and the Decisive Moment. There are many photographers who have taken street photography to an entirely new level, which can be referred to as social landscape photography. We will examine some of these works and how to employ some of the techniques they explored and pioneered into our own work. Street photography and social landscape photography isn't for everybody, but it is a legitimate photographic pursuit that can provide a sense of intellectual and emotional pleasure to those who find it enjoyable.

Camera Type: All cameras and cell phones

Additional Requirements for Level /Software or Equipment: This class is for any level of photographer. While this class builds on what was learned in my original Street Photography class, it's not necessary to have taken that.

**W260302A - How to use Photopills and Photograph the Moon**

Date & Time: Two Sessions: 3/2 and 3/11 from 10:00 AM-12:00 PM

Type of Registration: General

Instructor(s): Bob Seltzer

Description: Why and when you should use Photopills, some example photos using it, and then a step by step instruction of how to use the planner in Photopills. This is a hands-on class to learn some of the features of Photopills, a mobile app designed for photographers. It cost \$11 one time charge. It lets you plan a shot by showing the Sun, Moon, and Milky Way positions at any date, time, and location using an interactive map. With Augmented Reality you can visualize the path of the Sun, Moon, and Milky Way overlaid on your real-world surroundings using your phone's camera. You can plan rise/set times, golden hour, blue hour, twilight phases, and moon phases and the Milky Way core. As an added bonus students can join me on Mar 3 to photograph the moon over lake somerset.

Camera Type: All cameras and cell phones

Additional Requirements for Level /Software or Equipment: You should be a little familiar with the app or at least have it on your mobile phone.

**W260302P - Don't Say Cheese-Expressions & Poses For Portraits**

Date & Time: Two Sessions: 3/2 and 3/9 from 1:00 PM-3:00 PM

Type of Registration: General

Instructor(s): Bobby Porto

Description: Join us as we break the "Say Cheese" habit and learn to take dynamic portraits that are filled with depth, personality and magic. In this class we will learn about "expressions and posing" for portraits. We will review dozens of high-powered portraits and learn exactly how (and why) the photographers shot the photo the way they did. You will also learn "tricks of the trade" used by the pros, that will allow you to add an element of boldness and beauty to your portraits. The class will last two days. The first day will be spent learning "Expressions and Posing" for portraits. The students will then take photos on their own, trying to incorporate ideas they learned in class. On day two of class, we will review the class photos.

Camera Type: All cameras and cell phones

Additional Requirements for Level /Software or Equipment: Mid level and higher. You do not need to be an expert, but you should have a general knowledge of photography and a good understanding of depth of field and how to control your camera. CAMERA TYPE: DSLR or Mirrorless with a zoom lens is recommended, however you should have access to the manual controls of your camera, including: Focal Length (field of view), ISO, Shutter Speed, Focus and Aperture. Cell Phone Cameras are acceptable only if you are familiar with your camera's portrait mode and are able to control your camera's shutter speed and ISO settings for action portraits.

Class Fees: \$5.00 + Additional Fees: \$0.00 = Total Cost: \$5.00
