

Photography Club of Sun City  
May 11, 2026

The meeting was called to order at 9:00AM by Julia.

Present: Julia Parrish, Stan Holz, Rick VanDette, Gerry Fagan, Ward Litzenberg, Everett Denning, Shashi Cooduvalli

A motion was made to approve the minutes of the March meeting by Everett, seconded by Rick, passed.

Education Committee – Ward. The Spring Semester is ending soon. There will be some pop-ups during the summer. He would like to propose a budget of \$1,000 for a “thank you” reception for the monitors like what we do for the instructors. The amount was approved and Ward will get the room.

Door Code – Ward will purge inactive monitors mid-summer and coordinate the door code change with Corky.

Zoom - Julia will schedule a meeting with Ellen and John Burrack to transition Zoom and perhaps changing the way it currently works.

Operation Manual – Rick. It is still in the works. Several areas still need to be done. Leadership, External Exhibits and the Studio have been done. The system will lock when the section is completed. Rick will send a reminder to those who need to complete their sections.

Creative Vision – Julia and Ellen are on the committee. Julia as Photo Club President and Ellen as the Photo Club Chair. All clubs will be represented this year. Participants will work as a team.

Club Fair, etc.– We need to limit the number of photos displayed.

Calendar Email – currently a Google form. We need to change the user phone and email. We need someone to take this over. Discussion followed. Julia advised we need the form for an audit trail. Ward and Julia will look into this further.

Technology – Rick. Want to add a new category in the Operations Manual for Technology. He will discuss with Rich de Asla about the role.

PSA – Sophia was asked to handle this but has not gotten back with an answer. This needs a full-time person.

Wall Sales – We need a list of telephone numbers for the exhibitors.

Connecting to TV – discussion followed. Will get a list of instructions for connecting to a Mac, PV, tablet, and/or phone.

Motus Tower – we are looking to find out what the numbers are. Freddi will be requested to present a status update for membership since it has been a year.

Bight Birding Center – We discussed donating a bench with our name on it.

October Event – Speakers from the club to discuss their work. 3-4 photos.

December Social. Jack Frost is back in business. Ellen gave the prices for Beaufort Drug. She will visit Jack Frost and get prices from them.

A member requested being able to contact a judge to see what they were planning for their presentation. The consensus was that there is no contacting the judge regarding the competition.

Scoring Guide – Gerry. Combine the programs with the competitions. Shashi also has some ideas. Change the system we currently use, have a panel rather than one judge. There was discussion. A committee of Greg Cunningham, Doug Scott, and Kerri Ricci was formed.

More discussion on the Wi-Fi printer.

There being no further business, the meeting was adjourned at 12:05PM.

Respectfully submitted,

*Ellen Scott*
